

CDP Reporting

CDP focus investors, companies and cities on taking urgent action to build a truly sustainable economy by measuring and understanding their environmental impact.

Disclosers

CDP ask companies, cities, states and regions for data on their environmental

- governance
- strategy
- targets and Initiatives
- communication
- risks and Opportunities
- emission and Energy calculation
- scope 3

Transformation

CDP transform that data into detailed analysis on critical environmental risks, opportunities and impacts.

Decision-makers

Investors, businesses and policy makers use our data and insights to make better decisions, manage risk and capitalize on opportunities.
